

Please attach the **Quilt Label** to the **front of your quilt in the bottom right corner** with safety pins, then fold your quilt and put it in the pillowcase so that the quilt label is easily visible while the quilt is inside.

Please attach the **Pillowcase Label** to the outside of the pillowcase close to the area where you have pinned the quilt label.

We will be adding a sticker to each label with a unique number so we can ensure the correct quilt gets back to the correct pillowcase (& person).
